□ 1254

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 2822) making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2016, and for other purposes, with Mr. GRAVES of Louisiana in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

The gentleman from California (Mr. CALVERT) and the gentlewoman from Minnesota (Ms. McCOLLUM) each will control 30 minutes.

The Chair recognizes the gentleman from California.

Mr. CALVERT. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I am pleased to bring to the floor H.R. 2822, the fiscal year 2016 Interior, Environment, and Related Agencies Appropriations bill.

As we begin, I want to personally thank Chairman ROGERS for his leadership and support. Under his guidance, the Committee on Appropriations is again setting the standard for getting things done in the House. The Interior bill is the seventh appropriation bill to come to the floor so far this year.

I also want to thank the gentlewoman from Minnesota (Ms. McCOLLUM), my good friend and ranking member, for her partnership and work on this bill.

Finally, I want to thank each of our subcommittee members for their efforts and the collegiality that continues to be the hallmark of our subcommittee's deliberations. Even though we may have differences of opinion within this bill, I greatly appreciate the Members' constructive contribution, and I mean that sincerely.

The committee has made very difficult choices preparing this bill. As reported by the Committee on Appropriations, the fiscal year 2016 Interior and Environment bill is funded at \$30.17 billion, which is \$246 million below the fiscal year 2015-enacted level and \$3 billion below the budget request. We have made a sincere effort to prioritize needs within our 302(b) allocation. I would like to point out a few of the highlights.

Again, this year, the committee has provided robust wildland fire funding. Fire suppression accounts at the Department of the Interior and the Forest Service are fully funded at the 10-year average level. The hazardous fuels program was increased by \$75 million to \$526 million in the fiscal year 2015-enacted bill, and that increase has been maintained in this bill.

This bill also continues critical investments in Indian Country, a non-partisan priority of the committee. Building upon the bipartisan work of the former subcommittee chairmen MIKE SIMPSON, Jim Moran, and Norm Dicks, this bill continues to make investments in education, public safety, and health programs in Indian Country.

Overall, funding for the Indian Health Service is increased by \$145 million, or 3 percent, while funding for the Bureaus of Indian Affairs and Education is increased by \$165 million, or 6 percent, from fiscal year 2015 levels, the largest percentage increase in this bill.

This bill provides full funding in fiscal year 2016 for the Payment in Lieu of Taxes, or PILT, payments. PILT payments are made to 49 of the 50 States as well as to the District of Columbia, Guam, the U.S. Virgin Islands, and the Commonwealth of Puerto Rico.

The bill provides \$2.7 billion for the National Park Service, including more than \$60 million in new funding, relating to the centennial of the Park Service.

We have also addressed a number of priorities within the Fish and Wildlife Service accounts. The bill funds popular cost-shared grant programs above the fiscal year 2015-enacted levels. It also provides additional funds to combat international wildlife trafficking, protects fish hatcheries from cuts and closures, continues funding to fight invasive species, and reduces the backlog of species that are recovered but not yet de-listed.
